Professional Summary

I'm a Front-End Developer (self-taught & academic) with experience in building responsive web applications using React.js, Next.js, and modern JavaScript (ES6+). I focus on clean UI/UX, Tailwind CSS, state management, and API integration. I've built and deployed projects like a Portfolio Website, E-Commerce Platform, and Sales Dashboard, all optimized for performance and user experience.

Top Skills: HTML, CSS, JavaScript (ES6+), React.js, Next.js, TypeScript, Tailwind CSS, Bootstrap, Material-UI, Redux, REST APIs, Git/GitHub, Responsive Design

EXPERIENCE

Front-End Developer | Self-taught & Academic Projects   (2023 – Present)

- Designed and developed production-ready applications including a Portfolio Website, E-Commerce Platform, and Sales Dashboard using React.js, Next.js, and Tailwind CSS. Implemented responsive and user-friendly interfaces, advanced state management (Redux/Context API), and seamless REST API integrations. Applied modern JavaScript (ES6+) best practices, focusing on performance optimization, scalability, and clean maintainable code. Deployed projects to Vercel/GitHub Pages, ensuring real-world accessibility and reliability.

Freelance Web Developer – Client Project,   Mar 2024 – Apr 2024

- Developed a professional portfolio website for a client to showcase their work effectively. Implemented responsive design ensuring seamless experience across desktop and mobile devices. Integrated interactive features to enhance user engagement and presentation of projects..
